Licence Number:	80900064

Date of Hearing:	27 August 2003
Date of Decision:	27 August 2003
Appearances:	Nil

The matter before me is an application made by the Director of Licensing to cancel the licence of the Top O' Town Caravan Park situated adjacent to the Stuart Highway at Larrimah. The ground of the application is that the premises have not traded for ninety (90) days.

No person or party attended the hearing and no applications or submissions other than that of the Director are before me.

I am satisfied on the face of the information supplied by the Director that all parties or persons with an actual or arguable interest in the application were notified of the hearing. I refer specifically to Mr Richard Sallis, a Katherine-based businessman and owner of the real property, but not in my view the holder of the licence. I am satisfied that Mr Sallis is aware of the matter before me at this hearing and that all notices issued in relation to these proceedings have been fully and properly served.

There being no person or party in attendance to contest or otherwise inform me further regarding the application, the Director's application is accepted and the licence is cancelled pursuant to section 72(5)(a) of the *Liquor Act*.

Peter R Allen
